

✦ Smart Student Accommodation & Roommate Discovery Platform

Find Your Space. Find Your People.

AI-powered compatibility matching, warden-verified hostels, transparent curfews, and zero-brokerage student living tailored for college campuses.

The Broken Student Accommodation Reality

Extortionate Brokerage

Local brokers charge 15–30 days rent as non-refundable brokerage fees with zero accountability or post-checkin support.

Avg ₹4,000 – ₹8,000 lost per student

Toxic Roommate Mismatch

Random hostel room allocation creates friction: early risers paired with 3 AM gamers, study-focused with loud partyers.

68% students change rooms in 1st year

Misleading Photos & Food

Outdated Google Map photos, hidden electricity surcharges, and deceptive food/mess claims with no transparent reviews.

Zero standardized quality checks

Safety & Curfew Anxiety

Parents lack visibility on female security guards, biometric gates, warden presence, and campus transit timings.

Major concern for outstation parents

Roommate Compatibility Engine

Algorithmic multi-factor scoring matching students by:

- ✓ Same College & Academic Branch
- ✓ Hometown / Mother Tongue affinity
- ✓ Sleep rhythm (Night Owl vs Early Riser)
- ✓ Dietary (Pure Veg / Mess preferences)

100% Physical Warden Verified

Zero fake listings. Every property verified physically:

- ✓ Lady/Gent Resident Warden Verified
- ✓ Biometric gate & curfew transparency
- ✓ High-resolution real bedroom photos
- ✓ Exact distance to campus gate (walking min)

Comparison & Direct Chat

Total autonomy and decision intelligence for students:

- ✓ Side-by-side comparison across 3 stays
- ✓ Zero Brokerage — Direct Warden Chat
- ✓ Verified nearby essentials (Hospitals, Metro)
- ✓ Transparent security deposit policies

Implemented Mobile App Ecosystem

01

Campus Landing & Reels

Interactive Boys & Girls hostel reels, real photographs, verified badges, and live budget slider.

02

Smart Onboarding

Captures college, branch, sleep habits, diet, and hometown to dynamically customize matches.

03

Roommate Spotlight

Peer cards with match percentages (e.g. 96%), habit chips (#NightOwl, #PureVeg), and connect requests.

04

Compare & Chat

Side-by-side matrices of rent, deposit, curd food, curfew hours, and real-time chat with hostellers.

100% Native Jetpack Compose Codebase

121 Files committed on GitHub • Material 3 Theming • Zero XML Layouts

✓ Verified on Device

MOBILE CLIENT

Kotlin & Compose

- Jetpack Compose Material 3
- Navigation Compose
- Coil 2.6.0 Image Caching
- Infinite Transitions & Animation

ARCHITECTURE

MVVM + StateFlow

- Unidirectional Data Flow (UDF)
- Kotlin Coroutines
- Reactive Single Source of Truth
- Offline-Resilient Local Engine

WEB SHOWCASE

React 18 + GSAP

- GSAP 3 & ScrollTrigger
- Tailwind CSS Responsive Grid
- 3D Phone Mockup Simulation
- Interactive Preference Sliders

ALGORITHMS

Matching Heuristic

- Multi-factor Compatibility Scorer
- Campus Proximity Weighing
- Curfew & Security Index
- Budget Tolerance Curve

50,000+

Target Student Population

Malla Reddy University, MREC, MLRIT, IARE, CMR Group, and St. Martin's within a 5 km radius.

₹120+ Cr Annual Accommodation Market

B2B SaaS

Hostel Management Portal

Warden dashboard for verified badge verification, bed occupancy tracking, and automated parent SMS curfew alerts.

₹999/mo per hostel subscription

Freemium

Student Ecosystem

100% Free search, filters, and roommate matching for students. Premium campus luggage movers, mess cards, and Wi-Fi discounts.

High student retention & network effects
